Location Kuching, Sarawak

Profile

Software engineering graduate and IT lecturer at i-CATS University, with industry experience in Power BI dashboards and UI/UX-focused software development. Two-time silver medallist at the Sarawak Innovation Convention and twice featured in the Sarawak Tribune.

Experience

Part-Time Lecturer

Jan 2026 – Present

i-CATS University, Faculty of Computing and Software Engineering

- Offered a part-time lecturer position by i-CATS as an alumna of the programme.
- Teach Introduction to Computer Systems & Applications and Digital Literacy.
- Design course materials, lectures and tutorials mapped to course learning outcomes.
- Write a new, original quiz paper every semester, complete with answer schemes.
- Assess quizzes, practical tests and projects.

Software Developer

May 2025 – Jan 2026

Satok Digital Bridge

- Developed software solutions in a digital innovation team, with a strong UI/UX focus.
- Applied data-informed practices to guide feature and design decisions.

Research & Development Intern

Jan 2025 – May 2025

Sarawak Energy Berhad

- Built an executive Project Overview dashboard in Power BI for the R&D department.
- Turned scattered project data into one clear, at-a-glance view for R&D leadership.
- Hired by Satok Digital Bridge as a Software Developer before the internship ended.
