

AINA MARDIA MOHAMAD KERTA

Information Technology Lecturer | Software Engineer

Kuching, Sarawak • am.hana.mk@gmail.com • 010-4443430 •
Portfolio: [ainamardia.netlify.app](#)

PROFESSIONAL SUMMARY

Software engineering graduate and university lecturer with experience spanning higher education, corporate research, and software development. Recognised at state level for innovation, with media coverage highlighting contributions to technology advocacy in Sarawak. Preparing to commence postgraduate research in Information Technology, and committed to rigorous, engaging instruction that equips students with lasting digital competence.

PROFESSIONAL EXPERIENCE

Part-Time Lecturer — i-CATS University College Jan 2026 – Present

- Deliver undergraduate instruction in Introduction to Computer Systems & Applications (Foundation) and Digital Literacy (Bridging).
- Design course materials, conduct lectures and tutorials, and administer assessments aligned with programme outcomes.
- Cultivate foundational computing proficiency among early-stage learners, with preparation underway to assume Diploma-level modules.

Software Developer — Satok Digital Bridge May 2025 – Jan 2026

- Offered the position during the R&D internship at Sarawak Energy Berhad, commencing upon the internship's completion.
- Contributed to the delivery of software solutions within a digital innovation environment, integrating UI/UX design principles and data-informed development practices.

Research & Development Intern — Sarawak Energy Berhad Jan 2025 – May 2025

- Designed and delivered an executive Project Overview dashboard in Microsoft Power BI, consolidating dispersed project data into a single analytical interface for the R&D department.
- Gained structured exposure to corporate research processes and cross-functional collaboration.

EDUCATION

Master of Information Technology (by Research) — Postgraduate candidate Commencing Sep 2026
